## Class Descriptions

**Creative Dance (C.D.)** We offer three age groups for our C.D. program. These classes offer an entertaining curriculum designed to introduce young children into the world of dance. We engage the students enthusiasm while working on motor skills, strength training, balance, rhythm, timing ballet, creativity with songs and games and technique. At this level of instruction, we emphasize having fun while we learn!

**Ballet** Ballet is the backbone of all dance styles. To excel in other styles of dance ballet is a must. This class includes correct technique along with proper French terminology. (Pointe is offered only by teacher recommendation.)

**Hip-hop** An upbeat class that helps develop muscle coordination. Dance style that is seen on many dance videos. This class has a full jazz warm-up, followed by a series of jazz steps with a Hip-Hop groove. Combinations taught will be Hip-Hop.

**Cheerleading** Students will learn the basics of tumbling and mat work, while collaborating with Jazz routines.

**Gymnastics** Classes for all levels starting at beginner up to advanced. Learn gymnastics steps and then put them into routines. This class will help develop & define motor skills.

**Twirling** Classes for all levels starting at beginner up to advanced. Learn twirling movements and then put them into routines with some dance.

**Contemporary** dance is a style of expressive dance that combines elements of several dance genres including modern, jazz, lyrical and classical ballet. Contemporary dancers strive to connect the mind and the body through fluid dance movements.

Contemporary dance stresses versatility and improvisation, unlike the strict, structured nature of ballet. Contemporary dance can be performed to many different styles of music. \*Ballet Technique is a must

**Broadway Theater** This class focuses on dance with singing and acting. Students will learn choreography to Broadway songs.

**Acro dance** is a style of dance that combines classical technique with precise acrobatic elements. Students will be learning Floor Tumbling, Acrobalance and Handstands, while combining dance movement and flexibility.
